

## Apprenticeship NAIT 2018-2019 School Year

Nait has finished up its first classes of the new school term and over half way into a 1<sup>st</sup> and 3<sup>rd</sup> year class. We have a 1<sup>st</sup> and 2<sup>nd</sup> year class starting Dec 3 rd. Both classes are full with waiting lists. Our AIT representative Hunter Shaw is taking on a one year secondment as a MIP (Manager, Industry Programs and Standards) and we are getting a different AIT representative. Brent Melnyk our Manager, Industry Programs and Standards has taken on new areas and Stephen Neis has taken his position.

Nait has taken on the exciting task of working on our course manuals to update and prepare for a possible fourth year schooling in the future. It's a large job and will include 1, 2, 3 and 4<sup>th</sup> years. All of our Instructors will be involved in making this happen.
